No.	Course Title	Duration
Laboratory Training Programs		
Lab001	Advanced Good Laboratory Practice (GLP)	5 Days
Lab002	Analytical Instrumentation for Laboratory	5 Days
Lab003	Applied Water Technology in Oil and Gas Production	5 Days
Lab004	Assessment of Laboratory Competence	5 Days
Lab005	Basic Chemistry for Laboratory Technicians and non-professionals	5 Days
Lab006	Basic Understanding of Petrochemicals	5 Days
Lab007	Chemical Laboratories: Operations, Equipment, Instruments & Safety	5 Days
Lab008	Gas Chromatography: Fundamentals, Troubleshooting and Method Development	5 Days
Lab009	Laboratory Report Writing Skills	5 Days
Lab010	Leadership, Management, and Supervisory Skills for Laboratory Personnel (LAMP)	5 Days
Lab011	Modern Laboratory Management	5 Days
Lab012	Practical Problem Solving in Chemical Analysis	5 Days
Lab013	Quality Assurance of Chemical Management	5 Days
Lab014	Quality Management System (QMS) Lead Auditor Course with Specific Reference to ISO/IEC 17025	5 Days
Lab015	Safety in Chemical Lab	5 Days
Lab016	Sample Development and Preparation in Analytical Laboratory	5 Days
Lab017	Statistical Analysis of Lab Data	5 Days
Lab018	TQM in Laboratory Operations	5 Days
Lab019	Understanding Laboratory Quality Management ISO 17025	5 Days
Lab020	Working & Safety in Chemical Laboratory, Preparation & Take Sample Workshop	5 Days
